

## ***It's two days of Sight & Sound***

(and TASTE with three great buffet meals) in the Amish County of Lancaster, Pennsylvania.

**JOSEPH** - This new show premieres in the Spring of 2010. Be the first to experience this thrilling, life-changing adventure of Joseph's epic character and forgiveness. Like his famous coat, a brilliant color scheme has been woven into every fabric of this production with truly extraordinary music, costumes, lights, special effects, sets, animals and more. A story about dreams and the power of forgiveness. From the field of Canaan to the stunning palace of Egypt, Joseph is an exhilarating experience that will inspire you to live for the glory of God.

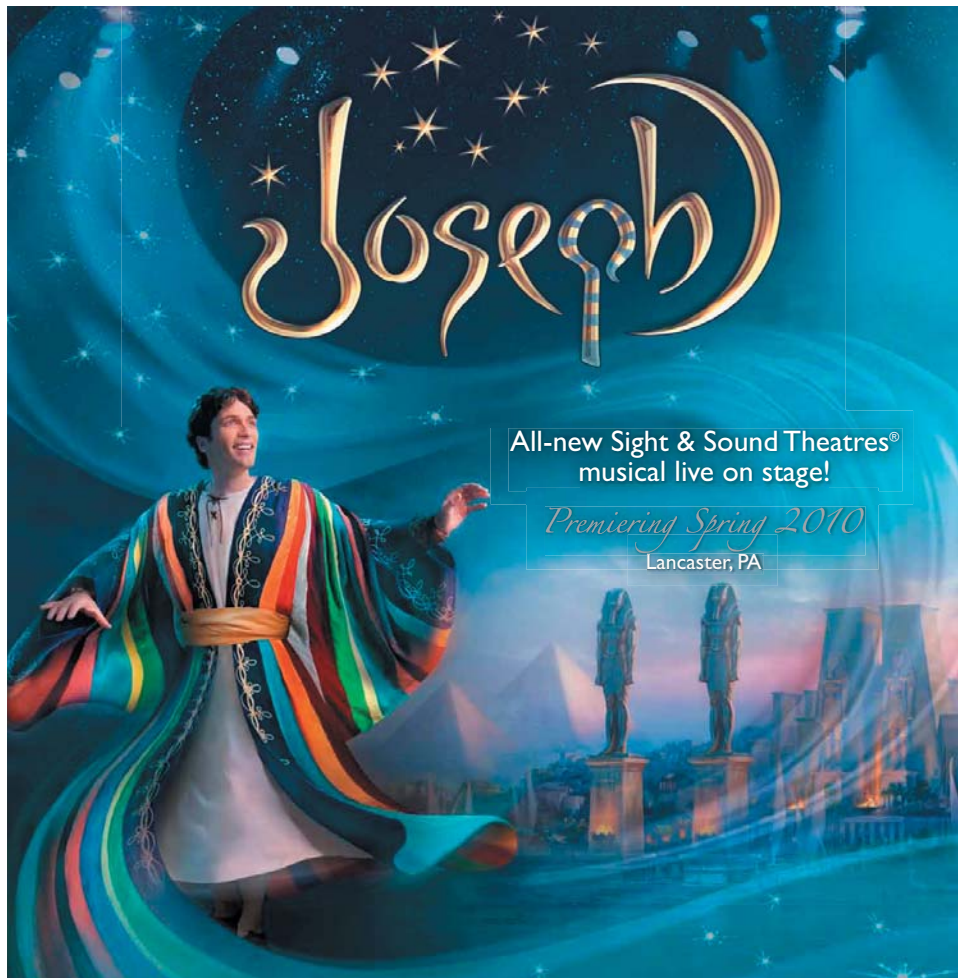

**PSALMS OF DAVID** - Celebrate the words and legacy of David with this tribute that includes live music and innovative special effects. It traces the psalmist-king's influence over worship music through the centuries. David was a shepherd. A warrior. A king. But most of all he was God's friend. David's heart and influence shine through this one-of-a-kind musical extravaganza.

**BEHIND THE SCENES** - This actor-hosted seventy-five minute tour offers a close-up look at Millennium Theater, including set construction, sound, lighting, cast dressing rooms, and animal actors' areas. See how it all happens; go backstage. You'll even have a chance to walk on stage and learn how the actors always know the precise place to be.
